

York County Board Members
To: York County Board of Supervisors

Attention: Board Members

Dear Board Members,

Thank you for taking time from your busy schedule to look at my request. I am requesting your permission to make an adjustment on the location of my gate on the Phase III site plan for Stor Moore on Wolftrap road. I have enclosed a copy of my approved site plan for your viewing needs. My request is to move the Automatic Gate inwards, Approximately thirty feet to line up with building B. this will allow more space for vehicles to pull up the gate and not protrude onto Wolftrap roads' traffic flow. I feel this will have little or no visual effect on the project as viewed from Wolf trap road and Route 17. Furthermore I will install approximately a 2 to a 2 1/2-foot berm to help screen the view of the three doors. At this time I am also working on some very nice brickwork for the front of both buildings facing Wolftrap Road. I am sure the brick will add an even more attractive visual appeal to the project.

Again I thank you for your time looking into this matter and would greatly appreciate you allowing me to make this minor change.

Thank you,

Dale Moore
